friends

What do you need?

Just flat-soled shoes and enthusiasm.

Entries and more
information on the
back.

NEW WORLD
Silverstream

Triples—Bowls3five styles

Two bowl triples - **two teams of 3 players each deliver two bowls** per end.

The first two bowlers (Leads) for each team take turns to bowl their bowls, then the 2nds from each team alternately bowl their 2 bowls, then lastly the Skips. The same order each end.

A game is **two sets of five ends** (10 ends in total).

Each team gets **1x Powerplay end per game** (for double points on a win).

The mat is always placed on the 2m mark but the jack can be placed anywhere along the opposite line between the 'T' marks (2m and 8m from the ditch)

Team with the closest bowl/s to the jack gets a point for every bowl closer than opposition.

Note: each team can contain one full playing bowler (they cannot skip the team)

Sausage Sizzle & Raffles available for purchase

Fish & Chips orders taken for after the games

Cost per player: \$10.00 (per night) or
\$60.00 (All rounds and Limited Membership)
